Many Blessings on your new journey's and thanks for all your dedication to the Marine Corp and to the Families of MAG 49 Det B!!!

You will be missed!

Moving Our Heroes Home

Operation Homefront has created the Homes on the Homefront program through a new partnership with [Chase Bank](#). Part of the American dream always has been owning a home. After helping to secure the freedoms all Americans enjoy, we want to help our warriors and their families realize their own American dreams.

The Process

Military families and veterans can [apply for a home](http://www.operationhomefront.net/homesonthehomefront/default.aspx) through the Homes on the Homefront programs.
<http://www.operationhomefront.net/homesonthehomefront/default.aspx>

Once a home becomes available, you will be notified via email.

You will have 10 business days from the date the notice is sent to determine if you want to apply further for a particular home. If you further wish to be considered for a particular home mentioned in an email you receive, you will need to indicate that by following the instructions outlined in the email.

A client services representative will be assigned to each available home and will review all applications for each home. The client services representative will then submit the qualified applicants to a housing committee who will select the applicant that will be the recipient of the home. Selection is made on a case-by-case basis and includes such factors as: financial need, connection to the local community where the home is available, injury status, family size, etc.

Once selected for a home, the family will reside in the property as a tenant of Operation Homefront for a period between one and two years. During this time, families will be required to pay any actual costs of property taxes, insurance, and homeowner's association fees. A customized transition plan will be developed in conjunction with each family. Families also will have routine inspections of the home, participate in financial counseling and any other activity required by their assigned client services representative. Families will be required to save enough funds to ensure they can maintain the property long-term. Once the requirements of the transition plan have been fully satisfied and the family is able to maintain and sustain the costs of the home, the property will be deeded to the family.

**If you have any questions about this program before you apply,
please contact us at 210-659-7756.**

Everyone at Operation Homefront expresses their sincere gratitude to all our service members and their families for helping to keep our country free!

For more events this weekend and beyond visit
www.OrangeTourism.org

Highlight: Appalachian Trail

The very first section of this 2,181 mile trail was begun right here at Bear Mountain in 1923. Wending its way through 14 states from Maine to Georgia, it's the longest marked footpath in the U.S. The original part in Bear Mountain has the prototype buildings in the Trailside Museum and Zoo that were copied for the rest of the trail.

New York State(NYS) Boater Safety Course (BSC)

U.S. AIR FORCE

-- When: 18 July 2012, Start 0730- 1500

-- Where: Bldg 202 (Auditorium)

-- Who: Any DoD Cardholder 14 years of age and older (Active, Traditional, Retired, Dependent)

• -- Why: SL 3. NYS Boater Safety Education Requirements As of January 1, 2006, all operators 14 years of age and older must successfully complete a boating safety education course to operate a Personal Watercraft and or motor boat in the State of New York.

--How: Register with the 105th AW Safety Office via email:

105AW.SE.Safety@ang.af.mil or call 845-563-2232 Please provide Rank/Name/Organization/ Phone #

--Cost: \$10.00 per person 18yr and older, FREE for 14-17yr old

Boater Safety Course (BSC)

The best place for a new operator whether motor boat or personal water craft (PWC) to start once they've made the decision to ride on the open waters. Successful completion of this course and its knowledge test, which consists of approximately eight hours of classroom instruction, will serve as a temporary operators license in New York state. After submitting proper documentation, and mandatory \$10.00 NYS DMV fee via mail, you will then receive your permanent license by mail.

Military Pathways®

Military Mental Health Screening Program

Military life, especially the stress of deployments or mobilizations, can present challenges to service members and their families that are both unique and difficult. Some are manageable, some are not. Many times we can successfully deal with them on our own. In some instances matters get worse and one problem can trigger other more serious issues. At such times it is wise to check things out and see what is really happening. That's the purpose of these totally anonymous and voluntary mental health testing self-assessments.

Take an anonymous

MILITARY CHILD CARE IN YOUR NEIGHBORHOOD

*is an initiative to locate and help pay
for child care when on-base child care
programs are not available or accessible.*

Operation: ★★★★★★ Military Child Care

Operation: Military Child Care

is a Department of Defense (DoD) initiative to support
the child care needs of parents who are **activated/deployed**.

Thousands of Active Duty, Guard and Reserve Service Members in all branches of the military have been activated or deployed. The remaining spouse or other family members suddenly assume responsibility for all family needs. In many instances, child care becomes a major issue from both a cost and availability standpoint.

To support these families and their child care requirements, the Department of Defense (DoD), the U.S. Army, Navy, Air Force and Marine Corps established partnerships with NACCRRRA which:

- Require NACCRRRA to find child care in civilian communities nationwide for Active Duty, Guard and Reserve Military Families living away from installations or unable to access military child care due to non-availability. All providers must be state licensed and receive an annual inspection to participate in any of the child care programs. NACCRRRA manages and provides fee assistance to participating child care providers.

Military Families from all service branches may be eligible for the following programs:

- Operation Military Child Care (OMCC) supports the needs of deployed military personnel. Under OMCC, NACCRRRA provides child care referrals and fee assistance is paid for child care spaces nationwide.
- Military Child Care in your Neighborhood (MCCYN) provides long-term, quality child care spaces. Under MCCYN, child care fee assistance is paid for accredited care for children of geographically dispersed Active Duty Service Members.
- Wounded, Ill, or Severely Injured, provides child care spaces in support of Active Duty Service Members who have been injured and are receiving in-patient or out-patient medical care for extended periods. For the Army, Soldiers must be assigned to a Warriors in Transition Battalion or Unit to receive care.
- Survivors of Fallen Warriors provides child care fee assistance to families of military members who passed away on Active Duty on or after September 11, 2011.
